Question

On which number OTP is sent on order placement?

Response

****Direct Answer:**** An OTP is sent to the registered email and mobile number of the account's primary holder upon order submission [2].

****Key Points:****

- **OTP Generation:** A common OTP is generated for single or multiple orders submitted together [2].
- **Email and Mobile:** The OTP is dispatched to both the registered email and mobile [2].
- **Order Submission:** Customers must click the "Submit" button to initiate OTP sending [2].

****Note:**** Ensure primary holder details are up-to-date for successful OTP delivery.
